

# EHB 2021

## Manuscript Submission Tutorial

In order to submit papers for the **IEEE E-health and Bioengineering Conference – EHB 2021** you have to create an EasyChair account following the steps described in **Create Account Tutorial EasyChair**.

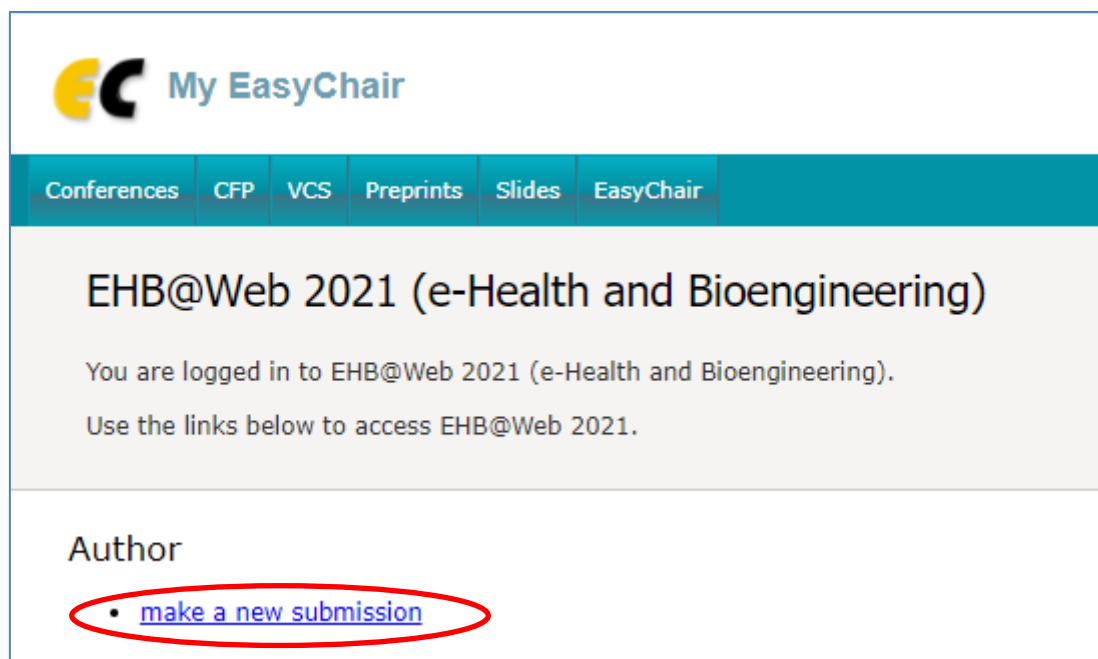

Submit a paper at <https://easychair.org/conferences/?conf=ehbweb2021>, beginning with **1st June 2021** and **until 10 September 2021 WITHOUT AUTHOR'S NAME AND AFFILIATION**, for the double blind reviewing purpose.

Start by logging into your EasyChair account.

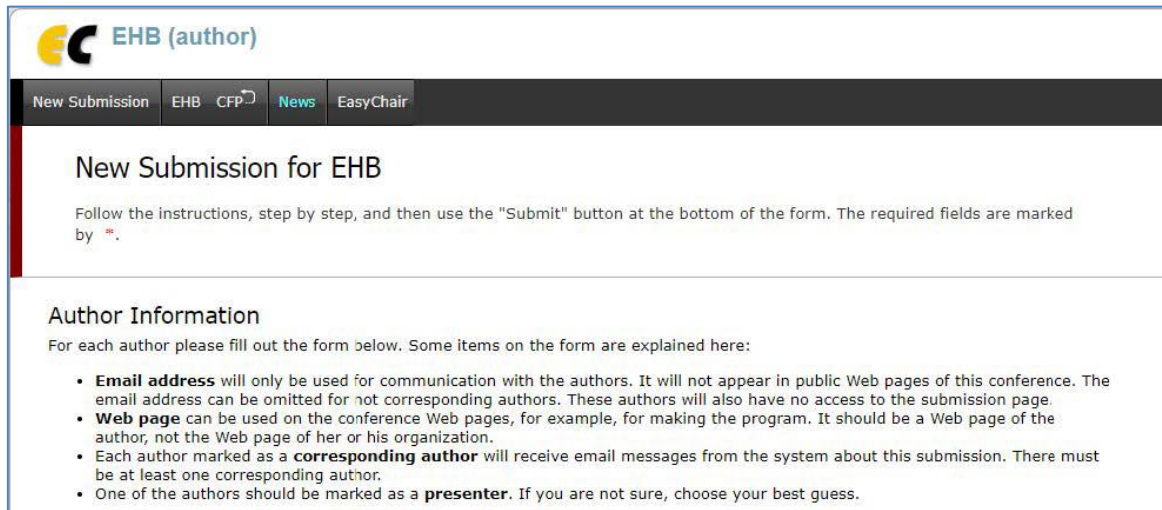

<https://easychair.org/conferences/?conf=ehbweb2021>

This is the account interface once you have logged on. Now you can begin to submit your paper. In the account there is a section called “New Submission”. Click on this button in order to begin adding a new paper to the EHB 2021 conference.

## The “New submission” submission interface.

**EHB (author)**

New Submission EHB CFP News EasyChair

### New Submission for EHB

Follow the instructions, step by step, and then use the "Submit" button at the bottom of the form. The required fields are marked by \*.

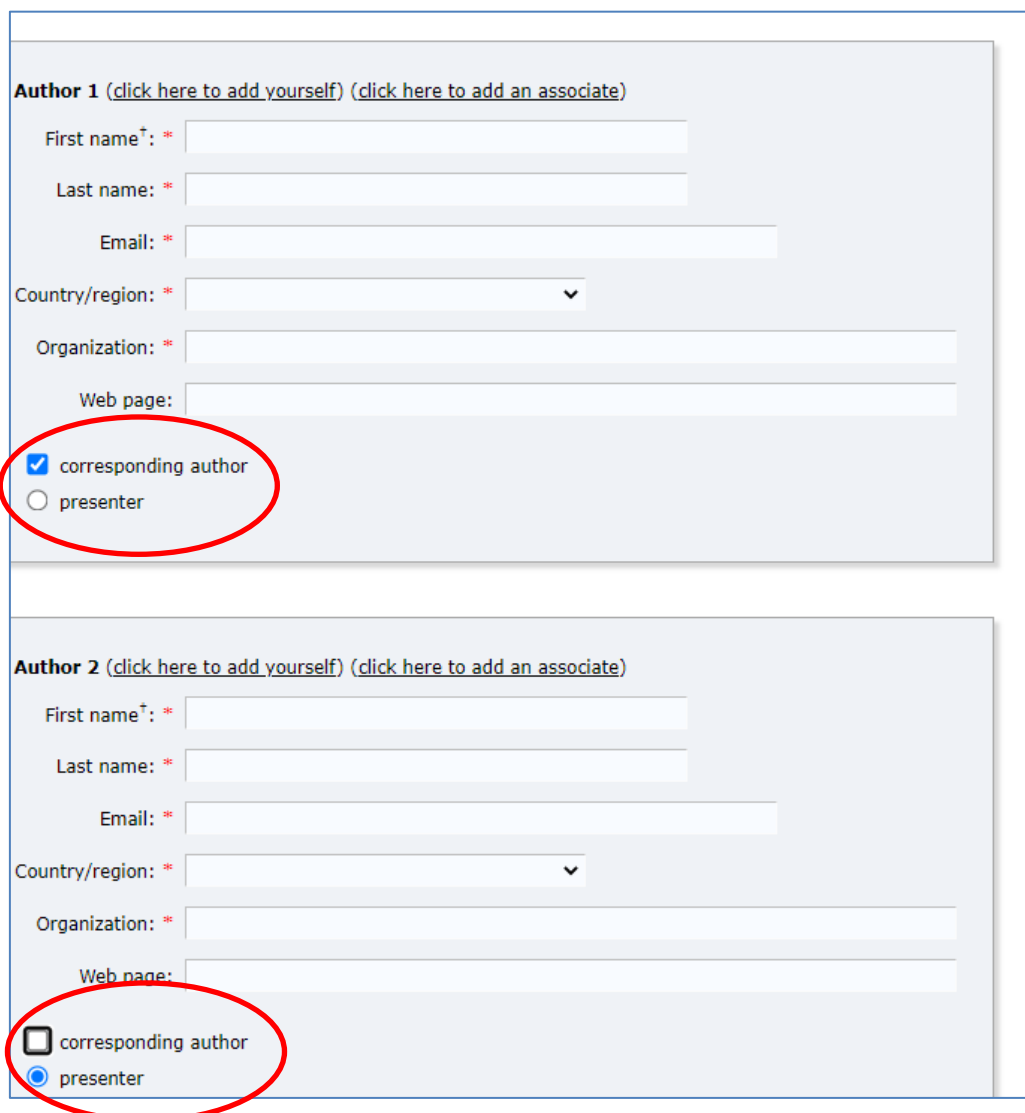

#### Author Information

For each author please fill out the form below. Some items on the form are explained here:

- **Email address** will only be used for communication with the authors. It will not appear in public Web pages of this conference. The email address can be omitted for not corresponding authors. These authors will also have no access to the submission page.
- **Web page** can be used on the conference Web pages, for example, for making the program. It should be a Web page of the author, not the Web page of her or his organization.
- Each author marked as a **corresponding author** will receive email messages from the system about this submission. There must be at least one corresponding author.
- One of the authors should be marked as a **presenter**. If you are not sure, choose your best guess.

The information that has to be added is:

1. **Paper's authors** (check corresponding author and presenter. You can change later the presenter)

**Author 1** ([click here to add yourself](#)) ([click here to add an associate](#))

First name<sup>†</sup>: \*

Last name: \*

Email: \*

Country/region: \*

Organization: \*

Web page:

corresponding author  
 presenter

**Author 2** ([click here to add yourself](#)) ([click here to add an associate](#))

First name<sup>†</sup>: \*

Last name: \*

Email: \*

Country/region: \*

Organization: \*

Web page:

corresponding author  
 presenter

[Click here to add more authors](#)

<sup>†</sup> Note: leave first name blank if there is no first name. If you are not sure how to divide a name into the first and last name, [read the Help article about names.](#)

## 2. Paper title and abstract. It is recommended that the abstract does not exceed 200 words.

### Title and Abstract

The title and the abstract should be entered as plain text, they should not contain HTML elements.

Title: \*

---

*The abstract should not exceed 250 words*

Abstract: \*

### Keywords

Type a list of keywords (also known as key phrases or key terms) **one per line** to characterize your submission. You should specify at least three keywords.

Keywords: \*

**Keywords – each keyword will be added on a separate line. DO NOT USE punctuation or symbols (eg. +, -, <, > etc. )**

## Select one or more topics.

### Topics

Please select topics relevant to your submission from the following list. Topics are typically used for assigning submissions to reviewers and for conference analytics.

- |   |  |
|---|--|
| <input type="checkbox"/> Bioinformatics   | <input type="checkbox"/> Biomaterials  |
| <input type="checkbox"/> Biomechanics   | <input type="checkbox"/> Bioengineering in dental and oral health                                    |
| <input type="checkbox"/> Biomedical sciences communication and career development | <input type="checkbox"/> Biosignal processing  |
| <input type="checkbox"/> Biotechnologies  | <input type="checkbox"/> Chemistry applied in medicine   |
| <input type="checkbox"/> Computational Biology                                    | <input type="checkbox"/> Decision support systems and artificial intelligence in medicine            |
| <input type="checkbox"/> Electromagnetic compatibility                            | <input type="checkbox"/> Environmental Protection and Management. Impacts on Health and Safety       |
| <input type="checkbox"/> Ethical and legal aspects of e-health and telemedicine   | <input type="checkbox"/> Health technology assessment  |
| <input type="checkbox"/> Hospital information systems and healthcare networks     | <input type="checkbox"/> Innovation, development and interdisciplinary research                      |
| <input type="checkbox"/> Instrumental Analysis and Laboratory Technologies        | <input type="checkbox"/> Internet in healthcare and medical web portals                              |
| <input type="checkbox"/> Management and marketing in healthcare                   | <input type="checkbox"/> Measurement and instrumentation in bioengineering                           |
| <input type="checkbox"/> Medical devices and equipment                            | <input type="checkbox"/> Medical imaging, image and biosignal processing and analysis                |
| <input type="checkbox"/> Medical physics and biophysics                           | <input type="checkbox"/> Medical records, clinical, epidemiological and multimedia data bases        |
| <input type="checkbox"/> Micro and nanotechnology for medicine                    | <input type="checkbox"/> Modeling and simulation methodologies                                       |
| <input type="checkbox"/> Molecular bioengineering                                 | <input type="checkbox"/> Multimedia applications for medical and healthcare education and e-learning |
| <input type="checkbox"/> Neurosciences  | <input type="checkbox"/> Rehabilitative and assistive technologies                                   |
| <input type="checkbox"/> Systems Biology  | <input type="checkbox"/> Telemedicine, e-health and telecommunications                               |
| <input type="checkbox"/> Virtual Physiological Human                              | <input type="checkbox"/> Wearable systems and sensors, m-health and p-health systems                 |

Choose your paper in pdf file **WITHOUT AUTHOR'S NAME AND AFFILIATION** and click **Submit**.

### Files

The following part of the submission form was added by EHB@Web 2021. It has neither been checked nor endorsed by EasyChair

**Paper.** \* Upload your paper. The paper must be in PDF format (file extension .pdf)

No file chosen

### Ready?

If you filled out the form, press the 'Submit' button below. **Do not press the button twice: uploading may take time!**

The final .pdf file (after acceptance and checked with pdf Xpress at <http://ieee-pdf-express.org> with conference ID 52898X) will be UPLOAD OVER THE PREVIOUS VERSION OF YOUR PDF FILE. **DO NOT MAKE A NEW SUBMISSION !**
